A Perfect Blend of Function, Style & Flow

There's something electric in the air in Paarden Eiland – and no, we're not just talking about the 250 Amps of 3-phase power coursing through this dynamic industrial gem. Nestled within a vibrant node of Paarden Eiland, Industry Park isn't just another industrial space – it's a launchpad for businesses hungry for visibility, accessibility, and space that actually works with them. This 450m² powerhouse offers a seamless fusion of functionality and flexibility. Step inside through the sleek glass entrance, and you'll find yourself in a bold, clean space built for performance – from the durable concrete floors underfoot to the high-volume ceilings overhead. Natural light floods in through generous windows, sparking creativity and reducing the need for artificial lighting during the day.
